

LOCKHEED AIRCRAFT TO TAKE BANKERS' PLACE IN NAT'L SEMI - PRO GAMES

Sponsor's Main Office Vetoes Trip; Riley Offers Chance to Other Club

LOCKHEED TEAM MAY FLY TO WICHITA SERIES
Lockheed Aircraft has accepted Dale Riley's invitation to represent California in the National Semi-Pro Baseball Tournament in place of the Bank of America, Riley announced today. The team will either fly or take a train back to Wichita, Kan., arriving there Saturday, Aug. 17, to participate in the national series. Riley and Manager Eddie Stubbs of the Aircrafters will drive back to the games. They plan to leave next Monday.

Because the San Francisco main office of the Bank of America refused to authorize the trip, the Bank of America baseball team—winner of the California state semi-pro championship in the recent Tournament held at Torrance city park—will not go back to Wichita, Kansas to participate in the National Semi-Pro Baseball Congress games.

The decision of the bank's executives was a severe blow to the ball club which won the state title by winning five straight games in the Torrance tourney.

After learning that the Bankers would not go east, Riley began contacting the managers of other leading teams in the Torrance tourney to offer them the privilege of entering the Wichita games. First on his list of calls was the San Pedro Longshoremen, who were defeated by the Bank of America in the finals and forced to take second place in the Torrance games.

Immediately after the tournament ended July 30 at Torrance, it was announced by officers of the Bank of America club that the team would be sent back to Wichita. The negative decision of the main office took them and members of the team managed by Dick Bonnelly by complete surprise.

"I, too, am very sorry that the Tournament winners will not be able to go back to the national games," Riley said yesterday. "I believe, from their record in our series, they could have gone far and even a national championship was not out of their reach."

Deer Supply In State Plentiful; Season Is Open

SACRAMENTO (U.P.)—California's 140,000 deer hunters bagged 43,250 bucks last year but J. S. Hunter, chief of the bureau of game preservation, predicted today the bag may be even larger this year. Deer may be taken somewhere in California between Aug. 1 and Oct. 15, a longer season than most any state, except a few in the south.

"The best part of it is," Hunter said, "that in spite of the fact that we have had a long season for more than 40 years, and a liberal bag limit, our deer supply is excellent. The deer harvest has doubled within the 75 mile area around heavily populated San Francisco in the last four years."

Two new orders opening Lake county areas to hunting extends the season in this vicinity from Aug. 1 to Sept. 15. One area is technically described near the Bartlett springs road, and the Wilson valley ridge road. The other opens up the Fuller canyon, High valley road, Long valley, and Otis canyon area.

Limit Is Two Bucks
The remaining area in the Aug. 1 to Sept. 15 season consists principally of the coastal counties from Humboldt south to San Luis Obispo and easterly to the coast range, including the western parts of Sacramento and San Joaquin valleys.

The Aug. 10 to Sept. 9 season, which was extended to include Los Angeles and Ventura counties under the new orders, generally includes the area from San Luis Obispo county south to Orange county, touching Kern, Tulare and San Bernardino counties to the east.

The remaining open areas of the state have a season from Sept. 16 to Oct. 15, and includes the entire north counties, east counties and extreme south counties.

The limit is two bucks everywhere except in district 13, (Modoc, Lassen and most of Siskiyou counties) and district 4 (Inyo and Mono counties.)

Wheat King In Army Now
WEMBLEY, Alta. (U.P.)—The world's outstanding grain grower is now a sapper in the Royal Canadian Engineers. He is Herman Trelle, of Wembley, several times crowned wheat and oats king of the Chicago International show and winner of almost every major grain growing prize in the world.

We can do anything we want to do if we stick to it long enough.

Twins Lead Torrance Junior Ball Club to Triumph Over S. P.

With the Woodward twins, Byron and Lawren, getting all four hits and making all four runs—three of them homers—the M. & M. Junior ball club of Torrance defeated the San Pedro Boys club team 4 to 2 at the Elementary-high school playground Tuesday morning. A return game is scheduled for Aug. 16 at San Pedro.

Bob Fulton, pitching for the M. & M., allowed the San Pedro Juniors only three hits. Leland Bender caught for the local nine whose line-up also included: Byron Woodward, 1b; Edwin Egger and Don Robinson, 2b; Tom Justice, ss; Jimmy Deems, 3b; Roy Holloman, lf; Bobby Lewellen, cf, and Lawren Woodward, rf.

TO PLAY NIPPONS

The Torrance-Lomita Indians will play the L. A. Nippons at the Torrance City park next Sunday afternoon.

Red Cross Benefit Ball Game Ends In 6-6 Deadlock at Torrance Park

Anything can happen at a benefit sports event and a tie score—6 to 6—did in the special game at Torrance city park last Saturday night between the "All-State" and "All-Star" baseball teams selected from players entered in the recent California Semi-Pro Tournament.

When the "All-Stars" ran in three runs on three hits in the last half of the ninth, Managers Dick Bonnelly and Pete Sanchez of the "All-Stars" and Bob Hughes of the "All-States" put their noggins together and decided the game should end in a deadlock. The 408 fans attending heartily agreed that that was a fitting end to a good evening's entertainment.

The entire proceeds—and everyone except the players paid to get in (even the umpires and a few of the participants bought ducats) went to the Red Cross War Relief Fund. The total receipts amounted to exactly \$102. The city of Torrance donated the lights and the field. Dale Riley, city recreation director, furnished the balls; the teams showed up almost to a man for the benefit and fans gave it splendid support.

All Pitchers Work

Only one of the "All-State" team, picked from the best of the amateur players appearing in the recent Semi-Pro Tourney, except Jim Fitzgerald of Pismo Beach appeared to offer their services—and Jim wasn't asked to participate because he was 200 miles away.

Bus Battelle of the Long Beach Harbor Refinery started on the mound for the State nine. He was replaced by Bronndell of the Bank of America who gave way as the game progressed to Petrovich (Wilmington on Mer-

WILD TURKEY FARM
MONTGOMERY, Ala. (U.P.)—The Alabama Wildlife Foundation has opened a campaign to found a wild turkey propagation farm for the rehabilitation of likely Alabama areas now devoid of the game fowl.

VICHY, France (U.P.)—Trials designed to establish war guilt of prominent French military and political personages have been set tentatively for late this month.

chants) and Salverson (Long Beach Ellbees). Kincannon (Harbor Refinery) and Mele (S. P. Longshoremen) caught.

The State pitchers allowed 7 hits while the "All-Stars," whose pitchers were Hendrickson (No. American Aviation), Duncan (Bank of America), Sanchez and Schaffer (No. American Aviation) gave the Staters eight hits. Arbelbide (Lockheed) and List (Bank of America) caught for the Stars. Dewey Widner, umpire-in-chief of the Southern California Umpires' Association, and Roy Kulp officiated.

Deer Hunting Season Begins Aug. 10 in This Part of State

Official dates for deer hunting season throughout California have been set by the Division of Fish and Game.

In Los Angeles, Ventura, Santa Barbara and San Luis Obispo counties, the season has been announced from August 10 to Sept. 9.

For coastal counties between Monterey and Humboldt, from

Tilghill	199.5
Tolson	243.5
Travioli	261.2

Immediately after the tournament ended July 30 at Torrance, it was announced by officers of the Bank of America club that the team would be sent back to Wichita. The negative decision of the main office took them and members of the team managed by Dick Bonnelly by complete surprise.

Young Players Get Big Chance

Hundreds of young baseball players in Southern California are going to get opportunities to show their stuff in professional baseball next season when the California or Golden State league is started. Already many of the coast league clubs, angels for the younger circuit, are signing youngsters for chances.

While this new league should do wonders for the youngsters, it may have some ill effects on the brand of semi-pro ball played in this area. There are many eligible players in the district and before long they will be signed up.

Ralph Ripppo, voted the second base spot on the "All-State" team selected from players participating in the recent California Semi-Pro Baseball Tournament here, is almost sure to get a bid, while Leo Coleman, Nick Palca, Ray Hansen, Tommy Kincannon and many others from the harbor area are being watched.

Jack O'Malia Will Open "White Spot" On Boulevard Soon

Located at 2166 Torrance boulevard, "The White Spot" sandwich shop will be opened soon by Jack O'Malia, well-known cafe man who has been providing excellent food to Southlanders for many years. "The White Spot" will also serve complete meals and soft drinks.

The building was recently moved to the Torrance boulevard location and is now being completely redecorated and equipped with the most modern cafe fixtures. O'Malia plans to cater not only to transient trade but to resident families and promises patrons they will be served only the best in foods.

DAWSON AT CLUB
Judge Leroy Dawson, famed wit and after-dinner speaker, addressed members of the Torrance Kiwanis club at the regular dinner-meeting Monday evening. Members of the club are anticipating a 100 percent attendance at the Santa Barbara Kiwanis convention in October.
